

# Pickup Truck Solutions

*Simple to Operate.  
Rugged Durability.  
Complete Solutions.*

## **Curb-Sider<sup>®</sup>** (VSL-6000)

**Optional Fold-Down Lift Head**  
(requires quick release t-pins)

**Optional Exterior Pendant Package**

**Direct Gear Drive Technology** – absence of chains means no slipping and virtually maintenance-free operation.

***The exterior version of the world's most popular vehicle lift gives you unsurpassed versatility for loading and unloading mobility devices at the rear corner of the truck bed!***

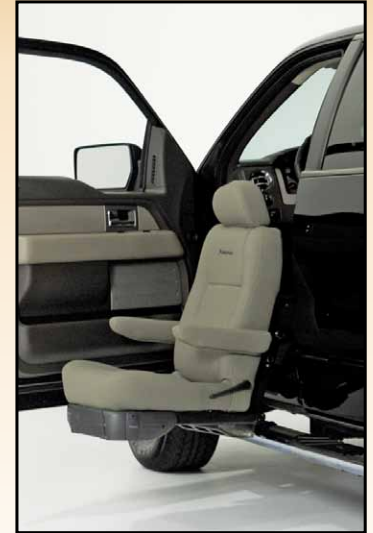

The *Curb-Sider* allows you to avoid the tailgate by lifting from the curb-side. With 400 lb/181 kg (optional 250 lb/113 kg) of lifting capacity, the *Curb-Sider* can handle nearly any scooter or power wheelchair with ease.

- Standard tough texture coating, with exterior pendant package protects your *Curb-Sider* from the elements
- The optional fold-down lift head means added driver visibility and increased available cargo space when the lift is not in use

## **Valet<sup>™</sup> Plus** (VSS-2600)

***The Valet Plus is an innovative and luxurious automotive seat for individuals who have difficulty getting into and out of today's pickup trucks!***

- Dealer programmable for maximum legroom and comfort
- Full Recline Comfort Seat with many color options
- Power Forward/Backward Seat Adjustment
- 370 lb/168 kg weight capacity

## **Valet<sup>™</sup>** (TAS-2570E)

***The Valet is Bruno's economy model in the Valet<sup>™</sup> Signature Seating family!***

With the *Valet* you can easily operate the *Out-Rider* lift (see next page) to load and unload a wheelchair, scooter or power wheelchair from outside the cab, then smoothly ride the seat up and into your pickup.

- Seat lowers to desired height
- Driver and passenger side applications

**Valet Seat with Out-Rider Lift**

## **Out-Rider® (PUL-1100)**

**Lift and store your wheelchair, scooter or power wheelchair in the bed of your pickup truck while sitting up front!**

The *Out-Rider* is fully automatic and easy to operate, with a hand-held pendant. It can lift a folding/rigid wheelchair, scooter or power wheelchair weighing up to 350 lb/159 kg (optional 100 lb/46 kg or 200 lb/90 kg capacity)!

- Variety of outer arms to accommodate different cab models (no need to walk to the back of the truck)
- Available for Standard, Extended, and Crew Cab pickup trucks, for driver or passenger side
- Standard tough texture coating designed to withstand the rigors of outdoor use
- Driver and passenger side applications available

**Out-Rider with Valet Seat**

**Valet Shown with optional footrest**

## **Out-Sider® Meridian™ (ASL-250)**

**Transport your scooter or power wheelchair outside your pickup truck!**

Lightweight, yet tough as nails, The *Out-Sider* allows you to take your mobility device wherever you go, quickly and easily!

- Easy, one button operation
- Standard tough texture coated platform for increased traction & durability
- Drive on/drive off platform
- Optional *Swing-Away™* allows easy access to tailgate

## **Stow-Away™ (TAS-1850)**

**A fully powered, compact transfer seat for pickups and large SUVs that is mounted outside the vehicle!**

- Vehicle interior is not affected one bit. Keeps all your seats and space functional.
- Sealed container, affixed to running board mounts holds the *Stow-Away*
- By simply pushing a single button, a drawer opens and the seat rises to the desired transfer height, then up to the vehicle seat height.
- Driver and passenger side applications

# Innovation... for your Independence & Convenience.
