## Accessorize for even more convenience

### Anti-tips

Inserted into the rear frame of the chair, anti-tips will give you confidence and extra stability when climbing steep hills or curbs.

### Elevating Legrests

For clients requiring the elevation of their legs for various conditions.

### Step Tube

This easily attachable insert can be "stepped" on by a caregiver to help boost the chair and user up over a curb.

### Extra Cushion

For times when your cushion becomes soiled or damaged, having an extra cushion prevents any delays in adventure!

### Crutch Holder

An attachment that allows crutches to be carried on the back of the Elegance.
